

## Department of Mechanical Engineering

### Report on Fresher's Day (TECHNEOPHYTE -2K24)

The Mechanical Engineering Students Association (MESA) welcomed the newest additions to the academic family with a spirited and memorable Freshers' Day celebration. The event aimed to integrate freshers into the vibrant college community while providing them with a warm and inviting atmosphere.

The program commenced with a heartfelt welcome address by the head of the department Dr. R N Jeeragal. The HOD expressed excitement about the incoming students, emphasizing the importance of community and collaboration throughout their college journey.

A distinguished alumnus, Mr. Vijayakumar Revankar, CEO and founder of Techmantra graced the occasion as the guest speaker. Drawing from his personal experiences, he shared valuable insights and motivated the freshers to embrace challenges and opportunities that college life brings.

Cultural Coordinator of the institute Mr. Y A Kulkarni delivered an impactful and well-received address that resonated with the audience. The speech successfully set the stage for Technephyte by fostering a sense of community, appreciation for diversity, and enthusiasm for the cultural experiences that lay ahead.

The last day evening was filled with spectacular cultural performances by talented students. Dance troupes, music bands, and drama clubs showcased their skills, adding an extra layer of enthusiasm to the celebration. The vibrant performances received thunderous applause from the audience.

During this fresher's week, to break the initial awkwardness and encourage interaction, a series of engaging ice-breaking activities were organized. The activities like Cricket, Vollyball, Table tennis, Chess and Carrom etc were organized. Some of the glimpse of the event is as shown below.
